

# 2019 Enhanced Ventilation for Packaged HVAC Rebate Schedule

**Program ends December 31, 2019 or when funds are no longer available**

Restrictions apply. Visit [www.PremiumCooling.com](http://www.PremiumCooling.com) for more information, reservations, applications and program terms and conditions.

Enhanced Ventilation Measures		
Packaged AC with Gas Heat, or Heat Pump	Add VFD, ADEC and CO2 Sensor	Add VFD, ADEC, CO2 sensor and Motor
		\$126-\$127/ton*

\*Rebates are paid according to the tonnage of the system on which the Enhanced Ventilation measures were installed.

\*Packaged ACs without Gas Heat do not qualify for this rebate.

\*Building type restrictions apply.

VFD Measures			
Packaged AC with or w/out Gas Heat and Heat Pump	Add VFD only (HP only)	Add VFD and ADEC	Add VFD, ADEC and Motor
		\$55/ton*	\$95/ton*

\*Rebates are paid according to the tonnage of the system on which the Enhanced Ventilation measures were installed.

\*Building type restrictions apply.

Approved ADEC Products		
Manufacturer	Model	Product Name
Honeywell	W7220A1000x	Jade
Honeywell	YCRL6438SR1000 (controller and wall module)	LCBS
Belimo	ECON_ZIP_BASE	Zip
Transformative Wave Technologies	Catalyst EEC	Catalyst
Bes-Tech	Digi-RTU Control Module	Digi-RTU (Kit)
Pelican Wireless Systems	Pearl	Pearl
NexRev	DrivePak ARC Kit includes Belimo ZIP ECON_BASE	DrivePak ARC (Kit)

\* Contact program staff prior to beginning work on a project for approval on items which are not on the list above.

# 2019 Enhanced Ventilation for Packaged HVAC Rebate Schedule

**Program ends December 31, 2019 or when funds are no longer available**

Restrictions apply. Visit [www.PremiumCooling.com](http://www.PremiumCooling.com) for more information, reservations, applications and program terms and conditions.

## Important Information for Customers:

1. All installations must be performed by Program Participating Contractor. A list of active contractors can be found at <https://www.premiumcooling.com/contractors.php>
2. Installation address must have an active SDG&E commercial account.
3. Additional documentation may be required for projects claiming \$3,000.00 or greater in rebates. In these cases, the customer may be required to ensure each worker or technician involved in the installation of the HVAC measure meets and provides proof of at least one of the following criteria:
  - Has Completed an accredited HVAC apprenticeship.
  - Is enrolled in an accredited HVAC apprenticeship.
  - Has Completed at least five years of work experience at the journey level according to the Department of Industrial Relations definition, Title 8, Section 205, of the California Code of Regulations, passed a practical and written HVAC system installation competency test, and received credentialed training specific to the installation of the technology being installed.
  - Holds a C-20 HVAC contractor license issued by the California Contractor's State Licensing Board.
4. Installation must be performed according to manufacturer's requirements. Customers are responsible to ensure that controls are installed and operating according to current applicable building and energy codes.
5. Post-installation verification is required for all projects.
6. Permits are required per local regulations: *(Some exceptions apply)*  
**Senate Bill 454:** Effective January 1, 2013, SB 454 requires utility companies to collect a permit number and contractor signature (if applicable) for HVAC rebate related measures. This applies to equipment installation or replacement work requiring permits under local codes.  
**Senate Bill 1414:** Effective January 1, 2017, SB 1414 in accordance with California Public Utilities Code section 399.4(b), the customer (or their contractor) must provide SDG&E proof of permit closure before any rebate or incentive for the purchase or installation of central air-conditioning, heat pumps, or related fans can be paid by SDG&E.
7. Customers must reserve funds prior to installation to be eligible for rebates.
8. Reservations do not guarantee funding or approval of final equipment selection. Customers must provide reasonable access to program inspectors and/or measurement and evaluation contractors for verification of equipment installation. Incentive levels and eligibility criteria are subject to change without advanced notice.
9. Enhanced Ventilation Rebates are only available for the following building types:
  - Asm (Assembly), EPr (Education – Primary School), ESe (Education – Secondary School), EUn (Education – University), MBT (Manufacturing Biotech), OfS (Office - Small), RFF (Restaurant – Fast Food), RSD (Restaurant – Sit-Down), Rt3 (Retail – Multistory Large), RtL (Retail – Single-Story Large), RtS (Retail – Small)
10. VFD Rebates are only available for the following building types:
  - Asm (Assembly), ECC (Education – Community College), EPr (Education – Primary School), ESe (Education – Secondary School), EUn (Education – University), Hsp (Health/Medical – Hospital), Htl (Lodging – Hotel), Nrs (Health/Medical – Nursing Home), MBT (Manufacturing Biotech), OfL (Office – Large), OfS (Office - Small), RFF (Restaurant – Fast Food), RSD (Restaurant – Sit-Down), Rt3 (Retail – Multistory Large), RtL (Retail – Single-Story Large), RtS (Retail – Small), SCn (Storage – Conditioned).
