	7000 BTU	11.9	7000 BTU	9.41
	9000 BTU	11.3	9000 BTU	8.98
	12000 BTU	10.4	12000 BTU	8.34
	15000 BTU	9.5	15000 BTU	7.71
	\$90 per ton		\$90 per ton	
	Greater than 15000 BTU	9.5-8.6	Greater than 15000 BTU	7.7-7.07
PTHP PTHP can only be replaced with PTHP	\$78 per ton		\$78 per ton	
	7000 BTU	11.9	7000 BTU	9.31
	9000 BTU	11.3	9000 BTU	8.88
	12000 BTU	10.4	12000 BTU	8.24
	15000 BTU	9.5	15000 BTU	7.61
	\$180 per ton		\$180 per ton	
	Greater than 15000 BTU	9.5-8.6	Greater than 15000 BTU	7.6-9.7

Eligible Equipment	Incentive (\$/ton*)	Controller Requirements
PTAC/HP Adaptive Climate Controller <i>Directly installed by a factory authorized installer</i>	\$220 per unit	1) Incentives are limited to installation on PTAC/HP units in low-rise buildings (up to four stories). Water-source heat pumps and four-pipe systems are not eligible. PTAC/HP units must be in good operating condition and must be no more than 10 years old. 2) Occupancy-sensor based technologies are not eligible for program rebates or direct installation incentives. The only eligible controllers are the Enalaysis ComfortPulse™ which uses optical/ graphical programming technology to provide variable (adaptive) fan speed control.
Contact an authorized installer for direct install estimate https://www.PremiumCooling.com/Contractors.php		
To confirm eligibility, please submit a reservation at www.PremiumCooling.com		

Incentive levels and eligibility criteria are subject to change without advanced notice. In the event that rebate amounts or terms change for products or services offered during the program period, the order/purchase/installation date will be used to determine product eligibility and the application submission date will be used to determine rebate amount.

When non-utility supply is involved, any energy savings for which incentives are paid cannot exceed the net potential benefit provided to the utility. Non-utility supply, such as co-generation or deliveries from another commodity supplier, does not qualify as usage from the utility (with the exception of Direct Access customers or customers paying departing load fees for which the utility collects PPP surcharge.)
